Brand New Book ***** Print on Demand *****.Hardly a day passes without learning something new and terrible about processed food, chemicals in food and the dangers of eating junk food. Almost everything available in your supermarket is technically just more junk food. But nurturing and caring for a garden, and raising wholesome natural food on your own is a lot easier than you might think. The art of gardening is every year increasing, in the city as well as in the country, and the number, quality and taste of delicious homegrown foods is always growing too. Put fresh vegetables on your table within a couple of months and enjoy every minute of the experience, from planting to harvesting. Eating healthy, true organic homegrown foods, and fully enjoying the gardening life is easy, affordable and it s the whole point to learning to grow, prepare and eat your own organic produce. Even a modest city apartment can be home to a prosperous, vibrant garden, and here is everything you need to get started. Readers learn: The true healthy alternative in natural organic foods and the dangers of chemicals and preservatives The meaning, tradition and practice of organic gardening Detailed plans for any kind of garden, and what you need to get started The easiest and most hardy vegetables to plant and grow Soil preparation and practical advice for planting and harvesting Whether you re an aspiring urban gardener or a true country farmer - or something in between - this book contains all the information you need to get planted and growing quickly. This is the complete beginner s guide to why plant, what to plant and how to keep it growing. And readers can do...
