Brand New Book ***** Print on Demand *****.Excerpt from Mortality Statistics of Insured Wage-Earners and Their Families: Experience of the Metropolitan Life Insurance Company, Industrial Department, 1911 to 1916, in the United States and Canada It has been one of the major activities of the Statistical Bureau of the Metropolitan Life Insurance Company to compile the medical statistics of mortality among policyholders of the Industrial Department. After seven years work, data are available in considerable detail for the many millions of policyholders who constitute its membership. In fact, nearly fifty million years of life and more than 635,000 deaths are represented in the period 1911 to 1916 covered in this report. The volume is an analysis of this material and is submitted as a contribution by the Company to the public health movement in the United States and Canada. Facts herein compiled have already had wide public uses. From time to time, reports have been issued in scientific and medical journals on various diseases and conditions. A large part of the whole field of mortality statistics has been considered and a mass of important scientific information has been put into circulation. The completeness and accuracy of the data have commended the studies to physicians and others who are guided in their work by medical statistics. The present volume is, however, more than a compilation of the papers and reports which have appeared in recent years. The previous discussions have been much amplified and much new information has been added. The report is, in fact, a comprehensive treatment of the entire field of mortality as related to wage earners and their families. This work should serve as a supplement to general population mortality statistics as...
