Brand New Book ***** Print on Demand *****.Army techniques publication ATP 4-31 / Marine Corps Reference Publication (MCRP) 4-11.4A, Recovery and Battle Damage Assessment and Repair, provides techniques on how recovery and battle damage assessment and repair (BDAR) assets are employed during operations. The principal audience for ATP 4-31/MCRP 4-11.4A is all members of the profession of arms. Commanders and staffs of Army headquarters serving as joint task force or multinational headquarters should also refer to applicable joint or multinational doctrine pertaining to recovery and BDAR operations. Trainers and educators throughout the Army and USMC will also use this publication. Soldiers and officers that perform recovery operations/battle damage assessment and repair for the Army perform a vital role of keeping their units and Army personnel safe while maintaining and providing the effective operational readiness rates needed to accomplish the mission. Recovery personnel, as identified in this publication, include every person that plays a role in recovery operations or battle damage assessment and repair. This includes professional recovery personnel, such as maintenance control officers, warrant technicians and maintenance teams. All personnel involved in recovery operations/ battle damage assessment and repair need to understand the environment in which they operate. This manual provides information on recovery support to unit operations also including the Joint environment. It is imperative for all personnel engaged in recovery operations/ battle damage assessment and repair support operations to have an understanding of the various staff organizations that have a role in recovery planning and support. It will be necessary for a recovery support activity to contact the higher, lower, or adjacent headquarters (both sustainment and operational) to coordinate support, report status, request technical assistance, or request additional resources. This manual will present...
