Have you started a woodworking business and are having problems getting customers? I know how that feels because I started my woodworking business with no capital, a few shop tools, and lots of nerve in a 10 foot by 20 foot space and grew it into a 1400 foot space as a one-person business. Having no one to help me get started, I made costly mistakes and learned enough from them to make my entire living from woodworking for more than 20 years. You can avoid those mistakes and start making money quickly with my book **Starting and Operating A Woodworking Business: How To Make Money With Your Skills**. There is no need for you to suffer through those costly and painful mistakes when my book covers everything you need to know to start and operate a financially successful full or part-time woodworking business.
