University of Nebraska Press, United States, 2001. Paperback. Book Condition: New. O G Estes (illustrator). Commemorative. 203 x 136 mm. Language: English . Brand New Book ***** Print on Demand *****. Brilliant government scientist Richard Seaton discovers a remarkable faster-than-light fuel that will power his interstellar spaceship, The Skylark. His ruthless rival, Marc DuQuesne, and the sinister World Steel Corporation will do anything to get their hands on the fuel. They kidnap Seaton s fiancée and friends, unleashing a furious pursuit and igniting a burning desire for revenge that will propel The Skylark across the galaxy and back. The Skylark of Space is the first and one of the best space operas ever written. Breezy dialogue, romantic intrigue, fallible heroes, and complicated villains infuse humanity and believability into a conflict of galactic proportions. The Amazing Stories publication of The Skylark of Space in 1928 heralded the debut of a major new voice in American pulp science fiction and ushered in its golden age. Legions of interstellar epics have been written since that time, but none can match the wonder, dazzle, and sheer fun of the original. This commemorative edition features the author s preferred version of the story, the original illustrations by O. G. Estes Jr., and a new introduction by acclaimed science fiction writer Vernor Vinge. E. E. Doc Smith (1890-1965) was a seminal figure in the history of American science fiction. In addition to the influential Skylark series, he is the author of the Lensman series. Vernor Vinge, winner of the Hugo Award, is one of the most respected science fiction writers today. His recent novels include A Fire upon the Deep and A Deepness in the Sky.
