9780473234492. Paperback. Book Condition: New. Paperback. 158 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. This is the second of two journals that were inspirationally channelled by the author over a period of six months. Although the instructions were personal to him, they will also inspire others walking the pathway to spirituality. The writings in Journals 1 and 2 were written over 40 years ago but never published. These are the same teachings that were given to the author. He makes no claim of greatness. He is merely a messenger as Jesus the Christ was. He seeks to show the Way also, to show others how to seek for themselves. What he was given was to simplify a subject that has been made complicated by being passed through many hands and many minds and was distorted in its journey. The writings covered many spiritual subjects. It might be meditation, it might be prayer or healing. As the authors knowledge progressed, the type of writing that was being received increased in depth. He had...
