Silver Fox Enterprises. Paperback. Book Condition: new. BRAND NEW, Paddling Across the Peninsula: An Important Cross-michigan Trade Route During the French Regime, Timothy J. Kent, During the prehistoric era, Native travelers discovered a series of interconnected rivers that formed a water highway across the entire Lower Peninsula of Michigan. When Frenchmen arrived in the Great Lakes region during the 1600s, they were guided along this crucial route by their Native hosts. Through meticulous research, Timothy J. Kent has assembled a full array of maps from the French era that depict the eastern and western halves of the route, as well as the overland portage that connected the two halves. In addition, he has located these water and land features on modern maps. Finally, his work has uncovered a number of original French documents that describe the usage of this cross-peninsula highway by both Native and French paddlers. This book is copiously illustrated with five ancient maps dating from 1656 to 1744, as well as six modern maps. In addition, it contains a portfolio of twenty photographs with detailed accompanying text, which show the author and his family authentically re-creating the ancient Native and French methods of traveling by birchbark canoe, including carrying the craft over land portages, repairing it, and using it as a shelter.
